### Yathrib

YATHRIB – the name of a city, also called Medina, a five-day foot march from Mekka.

YATHRIB – fertile oasis, about 200 km land inwards east of the Red Sea. Home of Arab and Jewish tribes. Melting pot of these cultures.

YATHRIB – These are Jews, Muslims and Christians, who together create a sound experience, a music, completely at ease and far removed from any issues of faith or differences who will surely remain unparalleled for a long time to come.
