Everything is possible...

CD-Audio

Natural Frequencies aka Andreas Leifeld tranquility in motion

"Whatever is said, things are as they are and everything is possible", explained Andreas Leifeld in 2004. In terms of music, everything was possible as far as he was concerned. In the album "Tranquillity in Motion", Leifeld once again reveals how, during one's life, one can expand earthly perception by seemingly extra-terrestrial sounds. The electronic-spiritual sound collages are refreshing for the senses and sensuousness.
