#### OUR SENSE OF JAZZ\_01

Our Sense of Jazz marks the beginning of a new series on Ozella. For the first time, the possibly most potent force behind the label – jazz – makes an open appearance in the title. And yet, the music is as diverse as ever, ranging from folk references to vintage musings, from pulsating patterns to epic sound sculptures.

Is this still jazz at all? One thing's for sure: It is a unique and personal sound that Ozella has been refining for almost twenty years.
