

With the intensity of a band and the sound of a mighty orchestra

CD

Hands On Strings

Loco

They play with the intensity of a band and the sound of a mighty orchestra, effortlessly breaking the chains of a stereotype guitar duo.

Their music is a captivating mixture of concert music, world music and jazz –often breathtakingly virtuoso, always refreshingly new and independent. And both of these musicians celebrate these songs with an enthusiasm that immediately sweeps the audience into their world. If there were a lot of uncharted waters to explore on „Offroad“, HANDS ON STRINGS go even further out on their new CD „LOCO“. They develop a resounding universe that one would never expect from a guitar duo.
