The Sound: A Magical Sound Universe

OZL22005CD

The sound from 'The Sound' is good vibrations at its best, transcending time and space in down-tempo and providing the perfect antidote to the daily grind. Acting as musical travel guides to other spheres are Reinmar Henschke, Dagobert Böhm, Stardelay, Gerold Kukulenz and Natural Frequencies, among others. A compilation beyond any and all crossover clichés.

The Sound Compilation

Front cover
sticker:

new excellent
downtempo
lounge tracks
in the style of
Air, Zero 7
and Portishead
